

Policy for Posting Assessment Results

Policy Text:

The faculty member participating in teaching distance education courses is required to regularly post the formative and summative assessment results of learners through the e-learning system (Blackboard) in an organized and timely manner. Learners must be able to access their grades through the system within **three days** from the final submission date, in accordance with university regulations. Faculty must also respond to students' inquiries regarding their results as per the university's guidelines.
