Author workflow for fully OA Journals

- APC funding is requested by the Responsible Corresponding Author (RCA) at the time of the manuscript submission, i.e. **before editorial assessment and review**. Full workflow is available [here](#).
- Author will need to confirm their institutional affiliation(s), which will determine eligibility for institutional funding. The APC funding request will then be sent to the OA administrator for review for approval/rejection.

Publishing Your Article in a Fully Open Access Journal

Open access payments made easy with your institution or funder

STEP 1

Visit www.wileyopenresearch.com/browsejournals and choose one of Wiley's fully open access journals.

STEP 3

Your institution is notified of your request and asked to approve.

STEP 2

During submission*, you will be asked to confirm your institutional affiliations to accompany your manuscript. This information will also be used to determine your eligibility for funding through your institution.

Authors

* Selected Authors: 1

| ORDER | ACTIONS | AUTHOR | AFFILIATION |
|-------|---------|--|---|
| 1 | 1 | Dr. Anna Thompson (Corresponding Author) j.thompson@university.edu | 1. University of Technology and Innovation Research & Development 1234 Science Road Sydney, ACT, AU 2001 |

If your APC will be paid by a research funding body, follow the instructions on submission to find and enter their account code.

What is your APC funding body?

If you select a funding body, you will be asked to provide an account code. If you select 'Other', you will be asked to provide a funding body name and account code.

Why Open Access Research?

Open Access Research is a research article that is made available online to all users, regardless of their location or affiliation. This allows researchers to share their findings and collaborate with others in their field. Open Access Research is a key component of the research process, and it is essential for the advancement of knowledge. By making research available to all, we can ensure that the most important findings are shared and used to inform policy and practice. Open Access Research is a key component of the research process, and it is essential for the advancement of knowledge. By making research available to all, we can ensure that the most important findings are shared and used to inform policy and practice.

STEP 4

If your request is approved, you will receive a confirmation email. Your accepted article is then published **open access** under a Creative Commons license on Wiley Online Library.

If your request is denied, you will receive an email asking you to pay for your APC. Paid articles are then published open access under a Creative Commons license on Wiley Online Library.

*Process shown may differ depending on journal. Follow the instructions that are given during submission to your chosen journal.

WILEY

Workflow for Hybrid Journals

Author Workflow for Hybrid Journals

- APC funding is requested by the Responsible Corresponding Author (RCA) **upon acceptance of the article** (i.e. after editorial review). Full workflow is available [here](#).
- Author will need to confirm author role, possible research funders and details, confirm their institutional affiliation(s), select OA for their article and sign a [Creative Commons license](#) to submit their APC funding request to the OA administrator, who will then review and approve/reject.

Make your article open access within a hybrid* journal

Open access payments made easy with your institution or funder

STEP 1

Once your article is accepted, register or log in to Wiley Author Services at www.wileyauthors.com.[†] Under My Articles, look for your article and click [Manage Article](#). Look for a message from your institution or funder and click [Select Open Access](#).

STEP 2

CONFIRM YOUR FUNDER(S)

You may be asked to add or confirm the funder(s) you entered during submission. Select your funder from the dropdown list or click [Add Funder](#) and start typing to search. You may also tick ["I did not receive funding for this article."](#) Then, enter any grant details.

STEP 3

CONFIRM YOUR AFFILIATION(S)

You may be asked to add or confirm the affiliation(s) you entered during submission. You may also tick ["I am not affiliated with any institution, company, or university for this article."](#)

STEP 4

SELECT OPEN ACCESS

When prompted, select ["Yes, make my article open access."](#)[†]

Your institution will be notified of your request and asked to approve.

STEP 5

[If your request is approved](#), you will receive a confirmation email.

Your accepted article is then published [open access](#) under a Creative Commons license on Wiley Online Library.

[If your request is denied](#), you will receive an email asking you to pay for [open access](#).[‡]

Paid articles are then published open access under a Creative Commons license on Wiley Online Library.

* A hybrid journal is one which accepts articles through a subscription model as well as offering an open access option.

† Be sure to register for Author Services with the same email address used when submitting your article.

‡ If you don't select open access, your manuscript will be published as a subscription (closed access) article. Once published in Early View or in Issue online you may no longer be able to publish open access through your institution or funder. Check with your institutional or funder contact, as policies vary.

‡ If you are unwilling or unable to pay for open access, your article will be published on Wiley Online Library as a subscription article.

Wiley Researcher Academy

How to get access to your institutional subscription for Wiley Researcher Academy?

All members of your institution are eligible for free access to Wiley Researcher Academy. Learn how to enable this access for your profile and get all the benefits of the institutional subscription.

Option 1 Institutional email

Register with your institutional email (i.e., an email with your institution's domain) to get automatically enrolled in all courses provided to your institution.

Do this from the comfort of your home, the institution campus, or any other location.

Get instant access based on your eligibility verified via the email domain.

Name of your institution
Please provide full name without abbreviations

University of ...

Your email

myemail@...

Option 2 On-campus activity

Register with your personal email from within the institution's campus.

Alternatively, if you registered from outside the campus in the first place, confirm your eligibility by completing any free course available to you at Wiley Researcher Academy from within the institution's campus.

Both options rely on IP address verification, so please ensure you are connected to the institution's network when accessing the Wiley Researcher Academy. Once completed, you can access the platform anytime and anywhere using your credentials.

Wiley Researcher Academy Online Learning Platform

A digital companion to navigate the publishing process for researchers at any level of their career
